Hi Nicole,

Sorry for the delay, last I checked the budget still hadn't been finalized. I will check again today and if it still isn't final I will ask whether the current version is at least settled enough to provide a basis for discussion.

Darci

Hi Darci,

Just touching base to get an update. When we last spoke expected to have a final budget plan mid-February. We would like to schedule a meeting to continue our discussions regarding the development/implementation of a schedule to address the large capacity cesspools at various state parks.

Thanks.

Nicole Foley Kraft / Section Chief / U.S. EPA Region 2 / 290 Broadway, NY, NY 10007 /

Hi Doug & Nicole,

Tomorrow works for me—how about 1:00? My schedule's open so feel free to suggest another time if 1 is inconvenient. I will try to step into an enclave or conference room (Counsel's Office only has cubicles) so it might be a bit easier if I can call you.

Darci

Darci, today is Nicole's first day back in the office can we give you a call tomorrow?

If that's good just give us a time and we will give you a call.

Thanks Doug

Hi Doug,

I would love to talk next week to plan further discussions and get a feel for whether we are moving in the right direction. My schedule is actually totally clear next week (aside from being out on MLK Day) so I can keep some time set aside whenever works for you guys. My number is 518-473-2048.

Thanks,

Darci

Hello Darci, I'm the Chief of the Water Compliance Branch here in the Region and through some messages back and forth between Andy Beers and my Regional Administrator, Judith Enck, you have been identified as the contact person for us to work with in scheduling some discussions on addressing the large capacity cesspools. Ms. Enck also let us know that you all are in the process of developing a schedule for the 74 cesspools that you have identified.

I think our discussions would be more productive if we had them following the development of a schedule so I wanted to know if there was an estimate on when the schedule may be completed.

Maybe we could talk next week and come up with a plan, so please send me a number and some idea on what would be a good time to talk next week and we will give you a call.

Thanks
